

Redmine - Defect #6350

New Gantt charts : 500 error when no issue have a due date

2010-09-10 06:34 - Rodrigo Guerrero

Status:	Closed	Start date:	2010-09-10
Priority:	High	Due date:	
Assignee:		% Done:	0%
Category:	Gantt	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		

Description

Eric, I update redmine and show me this error with I try to see the gantt:

```
Processing GanttsController#show (for 192.168.0.100 at 2010-09-10 08:58:10) [GET]
  Parameters: {"project_id"=>"TT-09-637-F", "action"=>"show", "controller"=>"gantts"}
Rendering template within layouts/base
Rendering gantts/show

ActionView::TemplateError (undefined method `<=' for nil:NilClass) on line #155 of app/views/gantts/show.html.erb:
152:
153: <% top = headers_height + 10 %>
154:
155: <%= @gantt.lines(:top => top, :zoom => zoom, :g_width => g_width ) %>
156:

Associated revisions

Revision 4184 - 2010-09-26 19:35 - Eric Davis

Revert "Fixed: gantt broken when no due date on project issues and versions."

It broke the tests for overdue projects and isn't a good way to fix #6350 because it makes an assumption that a project is due Today and will still error if issue tracking is disabled.

This reverts commit a7fd592db4037d635d04ca5ce3f01d0af3f0c8ae. (r4178)

Revision 4276 - 2010-10-22 22:32 - Jean-Philippe Lang

Adds a failing test for #6350.

Revision 4280 - 2010-10-23 00:13 - Jean-Philippe Lang

Fixed: error on gantt when no issue have a due date (#6350).

History

#1 - 2010-09-10 14:22 - Anonymous

- File *gantt_no_due_date_fix.diff* added

I can confirm this error. It happens when none of the issues in a project have a **due date** set.

I attached a quick patch i made to solve the problem. Seem to work fine for me, and I ran the test suite, no strange errors.

#2 - 2010-09-10 16:38 - Eric Davis

- Category set to *Gantt*

- Status changed from *New* to *7*

- Target version set to *1.1.0*

- Affected version (unused) set to *devel*

Pieter Nicolai wrote:

I can confirm this error. It happens when none of the issues in a project have a **due date** set.

Thanks, I was wondering what would cause it.

#3 - 2010-09-10 16:39 - [redacted]

- % Done changed from *0* to *50*

#4 - 2010-09-10 16:39 - [redacted]

- % Done changed from *50* to *0*

#5 - 2010-09-12 10:29 - Jean-Baptiste Barth

- Subject changed from *Problem with new Gantt* to *New Gantt charts : 500 error when no issue have a due date*

#6 - 2010-09-16 03:24 - Mischa The Evil

I can confirm this error after the Gantt-rewrite. The attached patch by Pieter Nicolai solves the issue.

#7 - 2010-09-20 13:51 - Maciej Czub

Can somebody apply attached patch to trunk, please?

#8 - 2010-09-26 18:01 - Jean-Baptiste Barth

- Assignee changed from *Eric Davis* to *Jean-Philippe Lang*

A patch has been applied in [r4178](#), but it breaks Project#overdue?. See http://ci.finn.de/builds/1-8-7_redmine-trunk_sqlite3/4178 (second one, the first one is stupid-simple to fix).

Either we keep this solution but with this modification :

```
diff --git a/app/models/project.rb b/app/models/project.rb
index 29be68c..e86d246 100644
--- a/app/models/project.rb
+++ b/app/models/project.rb
@@ -438,9 +438,8 @@ class Project < ActiveRecord::Base
  [
    issues.maximum('due_date'),
    shared_versions.collect(&:effective_date),
-   shared_versions.collect {|v| v.fixed_issues.maximum('due_date')},
-   Date.today
+   ].flatten.compact.max
+   shared_versions.collect {|v| v.fixed_issues.maximum('due_date')}
+   ].flatten.compact.max || Date.today
  end
end
```

Or we revert it and find another solution (maybe Pieter's patch?).

Any thought about this ? (Jean-Philippe especially)

#9 - 2010-09-26 18:32 - Eric Davis

- Assignee changed from Jean-Philippe Lang to Eric Davis

A problem with [r4178](#) is that it will fail and return a nil if the issue tracking module isn't enabled.

I've been thinking about it and I think it would be best to add actual Start Date and End Date fields to projects, instead of calculating them or assuming they are 'today'.

#10 - 2010-09-26 19:32 - Eric Davis

I'm reverting [r4178](#) for now. With it breaking the tests, I would have a hard time releasing 1.0.2 today.

#11 - 2010-09-26 22:52 - Jean-Philippe Lang

Eric Davis wrote:

Project start and due dates wouldn't solve the problem as they may not be set.
Why not simply fix the gantt so that it handles nil values?

#12 - 2010-09-26 22:54 - Anonymous

Eric, with Start and End Date fields for projects would a issue/version with a due date past that still show up in the gantt chart? If so that would be a nice solution.

My patch will, in absence of a calculated end date, set the end date as far as the gantt view filter is set to. A more structural approach as you suggests with project fields might be better.

#13 - 2010-09-26 23:20 - Anonymous

Jean-Philippe Lang wrote:

Project start and due dates wouldn't solve the problem as they may not be set.
Why not simply fix the gantt so that it handles nil values?

True, I would then propose to apply my patch to the trunk as a quick fix. That way the trunk is not broken anymore. The idea of project start and end fields is still interesting though, even outside the scope of the gantt chart.

#14 - 2010-09-26 23:44 - Eric Davis

Jean-Philippe Lang wrote:

Project start and due dates wouldn't solve the problem as they may not be set.
Why not simply fix the gantt so that it handles nil values?

Yea, the Gantt will need to handle nil values no matter how Project dates are calculated.

#15 - 2010-10-22 20:40 - Vincent Polite

Hello all. I ran into this issue as well, installing a new Redmine Server. I was wondering what the proposed course of action and/or recommended fix is in terms of resolving this?

#16 - 2010-10-22 22:26 - Jean-Philippe Lang

- *Priority changed from Normal to High*

Test added in [r4276](#).

#17 - 2010-10-22 23:25 - Eric Davis

Marked the failed test as pending in [r4278](#). Tests should never fail on a commit.

Vincent Polite wrote:

Hello all. I ran into this issue as well, installing a new Redmine Server. I was wondering what the proposed course of action and/or recommended fix is in terms of resolving this?

You will need to wait for it to be fixed. And you shouldn't be running trunk since trunk is only meant for development and will have bugs at times (like now).

#18 - 2010-10-23 00:08 - Jean-Philippe Lang

- *Status changed from 7 to Closed*
- *Assignee deleted (Eric Davis)*
- *Target version deleted (1.1.0)*
- *Resolution set to Fixed*

Fixed in [r4280](#).
