

Redmine - Defect #6447

Issues API doesn't allow full key auth for all actions

2010-09-20 22:18 - Eric Davis

Status:	Closed	Start date:	2010-09-20
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:	REST API	Estimated time:	0.00 hour
Target version:	1.0.4	Affected version:	1.0.1
Resolution:	Fixed		
Description			
Needs an accept_key_auth so full key actions can work (i.e. not HTTP basic based keys).			
Simple fix but I want to have a solid test suite for this so we can reuse it as new APIs are added.

History

#1 - 2010-10-29 03:21 - takatomo okitsu

Please fix this problem before cording test suite? minimum fix about issues_controller.rb and project_controller.rb.

#2 - 2010-11-01 16:37 - Eric Davis

- Status changed from New to 7

I'm working on this now by cleaning up the existing tests to see which actions are missing the auth key option.

#3 - 2010-11-05 18:46 - Eric Davis

- Status changed from 7 to Resolved

- Target version set to 1.0.4

- % Done changed from 0 to 100

- Resolution set to Fixed

Fixed in various commits over this week. Now the basic issues API should allow authentication with any of the methods Redmine supports.

I also rewrote the test suite for the Issues API so it's much more thorough now. (391 tests, 403 assertions)

#4 - 2010-11-27 00:40 - Eric Davis

- Assignee deleted (*Eric Davis*)

I am stepping down from working on Redmine. If someone else is interesting in working on this issue, feel free to reassign it to them.

Eric Davis

#5 - 2010-11-27 16:09 - Jean-Philippe Lang

- Status changed from *Resolved* to *Closed*

All the required changes are merged in 1.0-stable ([r4439](#)).
