

Redmine - Defect #6460

E-mail notification should be sent for subtasks updates

2010-09-21 23:33 - Enderson Maia

Status:	New	Start date:	2010-09-21
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Email notifications	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:			

Description

Having a parent task **A**, and subtasks **B** and **C**.
And with task **A** assigned to **John**.

All updates to subtasks **B** and **C** should be **notified** to **John**.

I think that the normal behavior is to consider that everyone involved with parent task **A** is automatic related to all **A**'s subtasks.

This should work for taks's **Author**, **Watchers** and **Assigned** too.
