**Description**

there's no way to specify "Due date **is** ...": only "in .. days", "today", " in less than ..." are allowed.

I set "due date" for a group of issues and want to use that date in filters (pretty much like "target version"). The reason why "target version" does not work for me is that release can happen once in 4 months (which has its own "target version" label in Redmine), while we need to plan for the next 2 weeks.

*- Assignee set to Jean-Baptiste Barth*

Sounds reasonnable, I'll have a look at it.

**#2 - 2011-11-24 01:39 - Mischa The Evil**

*- Status changed from 7 to Closed*

*- Resolution set to Duplicate*

Implemented as part of #4729 in r6226.
