

Redmine - Defect #6841

Projects API doesn't allow full key auth for all actions

2010-11-05 18:13 - Eric Davis

Status:	Closed	Start date:	2010-09-20
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	REST API	Estimated time:	0.00 hour
Target version:	1.0.4	Affected version:	1.0.1
Resolution:	Fixed		
Description			
Needs an accept_key_auth so full key actions can work (i.e. not HTTP basic based keys).			
Simple fix but I want to have a solid test suite for this so we can reuse it as new APIs are added.
