

Redmine - Defect #7094

Internal error on CSV import

2010-12-10 22:52 - Dave Abrahams

Status:	Closed	Start date:	2010-12-10
Priority:	High	Due date:	
Assignee:		% Done:	0%
Category:	Core Plugins	Estimated time:	0.00 hour
Target version:		Affected version:	1.0.3
Resolution:	Invalid		
Description I have a CSV file for which I keep getting: <div>Internal error</div> <div>An error occurred on the page you were trying to access. If you continue to experience problems please contact your redMine administrator for assistance.</div> when I try to import it. There's absolutely no sign of any trouble in the logs. Other csv files have been imported successfully on this site. What do I do next to debug this problem?			

History

#1 - 2010-12-11 09:43 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Invalid

There is no csv import feature in Redmine core. You should contact the plugin developer.

#2 - 2010-12-12 20:43 - Dave Abrahams

Thank you. For reference, fixes to the plugin available in the fork at https://github.com/leovitch/redmine_importer solved the problem for me. There are more references on the web (and on redmine.org) to the original buggy plugin; you might want to update those to avoid problems. I'll try to do my part.
