<b>Description</b>			
Hello,			
I'd like to know if the feature 'Notify for only project I select' is still available in redmine 1.1.0			
We've just upgrade our redmine and I can't see this option anymore in "My Account"			
Thanks for your help.			

#### Associated revisions

##### Revision 4727 - 2011-01-16 15:40 - Jean-Philippe Lang

Fixed: "Notify for only project I select" is randomly displayed (#7294).

##### Revision 4730 - 2011-01-16 16:36 - Jean-Philippe Lang

Do not show "for only project I select" notification option on application settings form (#7294).

#### History

##### #1 - 2011-01-12 17:40 - Alexandre VIAL-BOUKOBZA

In fact I've found an other issue. Sometime this option is available, sometime not. (don't know exactly how to reproduce the bug) and each time I try to modify my notification preferences, it is not applied. (no error message)

And I do not receive any email notification (worked fine before Upgrade from 1.0.5)

My version is Redmine 1.1.0.stable.4699

Thx for your help.

Ok,

I'm just an idiot I didn't run the rake task "rake db:migrate RAILS\_ENV=production"

But my initial issue remain: Sometime I can see the option notification "Notify for the projects I select" (don't know the exact sentence in English because i use work with the french version.) and sometime I do.

Thx for your help.

##### #3 - 2011-01-12 18:48 - Alexandre VIAL-BOUKOBZA

"For any event on the selected project only" (The options just came back) and disappeared again...

##### #4 - 2011-01-15 21:04 - Alexandre VIAL-BOUKOBZA

FYI, looks like, this option is not available on this redmine installation to...

Any idea ?

##### #5 - 2011-01-16 15:18 - Jean-Philippe Lang

- Assignee set to Jean-Philippe Lang

- Priority changed from Low to Normal

It seems to be randomly displayed or not.

**#6 - 2011-01-16 15:43 - Jean-Philippe Lang**

- Status changed from New to Resolved

- Target version set to 1.1.1

- Resolution set to Fixed

This random behaviour was introduced in [r4216](#). It's fixed by [r4727](#).  
Thanks for pointing this out.

You Welcome :)

Thanks YOU for redmine !

Is this fix in the 1.1 Branches ?

**#8 - 2011-01-16 15:51 - Alexandre VIAL-BOUKOBZA**

One more things:

the Option "For any event on the selected project only" is also available on [https://&lt;redmine\\_url&gt;/settings](https://&lt;redmine_url&gt;/settings) > Mail notification. So it is possible to define it by default for new users.

But how projects are selected as users are not members of the same projects ?

Should'nt this option removed from this menu ?

Thx for your help.

Is this fix in the 1.1 Branches ?

Not yet. I'll close this ticket when it's done.

Should'nt this option removed from this menu ?

You're absolutely right, it doesn't make sense. It's fixed in [r4730](#).

Bonjour,

j'ai une version de redmine en 1.0.4 pourtant pas installée y'a si longtemps et j'ai les mêmes soucis concernant les notifications (à vous de me dire si je suis hors-sujet).

En gros, mon compte admin possède trois options ds le menu déroulant des notifications dans mon compte et tous les autres comptes que je crée n'en possède que 2 (aucun notif ou tous les projets où je suis impliquée). J'ai par ailleurs constaté qu'à la création de mon compte sur ce site, il y a 5 options!! Est-ce un plugin? ai-(je un bug sur ma version car impossible de trouver où cela se paramètre.

Si l'upgrade est la seule solution soit mais je voudrais savoir si je passe pas à côté d'un paramétrage de base (et qui éviterait à tout le monde ici de recevoir autant de mails!).

Merci d'avance et pardon pour l'éventuel hors-sujet !

Gwenal
