

Redmine - Feature #7314

Add "hide closed versions" option to Gantt charts.

Description	
<p>I have created this patch for the gantt charts to hide the closed versions on the gantt.</p> <p>This is a hard-coded fix. I'd like to know more about Ruby so we could add an entry on the main administration settings panel (or project settings panel) to provide a checkbox that says [] Hide closed versions on gantt.</p> <p>Anyway - here is the patch file I created, which is not the preferred implementation as it changes the base behavior without the user knowing.</p>

This is definitively a feature we would use!

#3 - 2011-01-19 10:46 - Kjell-Ivar Hosum

+1

Very annoying with all the closed versions showing up in Gantt chart.

This checkbox should maybe be checked as default?

#4 - 2011-01-23 09:44 - Simo Pylvas

+1

Indeed. This is needed fix. This make Gantt charts close to useless for me
