

## Redmine - Defect #7426

### Cannot add issue with numeric value

2011-01-24 18:52 - Jonas Haraldsson

| <p>I have just upgraded Redmine to 1.0.4 (installing a new Bitnami Redmine stack and importing the database from Bitnami Redmine stack v0.9.6).</p> <p>When I try to add a new issue, I get an error page (500).</p> <p>The problem only appears if I enter a value in the "Estimated hours"-field.<br/>See the attached production.log.tail.<br/>As far as I can see, if I enter the value 2.2 in "Estimated hours", the value is sent as "2,2" which Mysql sees as two different values.</p> <p>Database version: Mysql (mysql Ver 14.14 Distrib 5.1.50, for pc-linux-gnu (i686) using readline 5.1)<br/>Rails version: 2.3.9<br/>Ruby version: ruby 1.8.7 (2010-01-10 patchlevel 249) [i686-linux]</p> |             |                          |            |

### History

#### #1 - 2011-01-25 08:21 - Jonas Haraldsson

The problem disappears if I change the decimal point from "," to "." on the client PC (Windows XP).  
(this is not a usable work-around!)

#### #2 - 2011-01-25 10:26 - Jonas Haraldsson

I have verified the same behaviour in Redmine v1.1.0.

It seems that this problem starts when I add an issue in a project where time tracking is disabled.  
After that the same problem occurs for all new issues I try to create if the "Estimated hours" field is not empty.  
The problem remains until I restart the redmine server.

In other words, A work-around is to enable time tracking on all projects.

#### #3 - 2011-01-25 18:11 - Jean-Philippe Lang

Any plugin installed?

#### #4 - 2011-01-25 22:10 - Jonas Haraldsson

No plugins installed.

#### #5 - 2013-01-15 13:49 - Daniel Felix

- Due date set to 2013-01-22

- Status changed from New to Needs feedback

I'm currently not able to reproduce this with Redmine 2.2.1 and a new MySQL Release.

Please confirm if this issue is solved in the recent versions. Otherwise I will close this issue next week.

#### #6 - 2013-02-04 16:02 - Daniel Felix

- Status changed from Needs feedback to Closed

Closing this, as there is no feedback on this issue and the affected version is really old.

#7 - 2013-02-04 16:04 - Daniel Felix

- Resolution set to No feedback

Closing this, as there is no feedback on this issue and the affected version is really old.
