Description	
<p>Tried to move ~380 Issues at once, using the right-click menu, but that wouldn't show up. The browser gave me:</p> <pre>Failed to load resource: the server responded with a status of 414 (Request-URI Too Large)</pre> <p>Server is Apache 2.2.9.</p> <p>This is probably only an issue with customized pagination steps.</p> <p>I would suggest using a POST request instead to load the right-click menu.</p>
