

Redmine - Defect #9475

German Translation "My custom queries" and "Custom queries"

Description

The following translations are irritating:

- My custom queries -> Meine eigenen Abfragen
- Custom queries -> Benutzerdefinierte Berichte

Better would be:

- My custom queries -> Meine Abfragen
- Custom queries -> Systemweite Abfragen

In particular should "query" be translated to either "Abfrage" or "Bericht". I prefer "Abfrage".

fix a spelling mistake of German "label_query_plural" (#9475, #13142)

+1 I agree. Two different german translations are quite irritating. Other languages (like en, fr, ru) have only one translation for "query". "Abfrage" is the correct translation for "query".

Moreover, why the plural differs from singular: "label_query: Benutzerdefinierte Abfrage" vs. "label_query_plural: Benutzerdefinierte Berichte"?

Fix:

```
label_my_queries: Meine eigenen Abfragen
label_query: Benutzerdefinierte Abfrage
- label_query_plural: Benutzerdefinierte Berichte
- label_query_new: Neuer Bericht
+ label_query_plural: Benutzerdefinierte Abfrage
+ label_query_new: Neue Abfrage
```
