

## Redmine - Defect #9869

### [REST] 403 on issue\_categories

2011-12-23 16:36 - Emmanuel Bourgerie

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	REST API	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected version:</b>	1.3.0
<b>Resolution:</b>	Invalid		
<b>Description</b>			
<p>Hi folks (and merry Christmas) !</p> <p>I am trying to get issue categories via REST this way :</p> <p><a href="http://host.com/redmine/projects/8/issue_categories.xml?key=somekey">http://host.com/redmine/projects/8/issue_categories.xml?key=somekey</a></p> <p>But everything I get is a 403. The weird part is that :</p> <p><a href="http://host.com/redmine/projects/8.xml?key=somekey">http://host.com/redmine/projects/8.xml?key=somekey</a></p> <p>works perfectly with <u>exactly</u> the same key. Is there something I missed ?</p> <p>Thank you in advance,</p>			

### History

#### #1 - 2011-12-23 16:48 - Etienne Massip

- Status changed from New to Closed

- Resolution set to Invalid

Sorry, please ask questions in forum.

This one looks like a permission issue, even listing issue categories requires the user to be a member of the project (<source:/trunk/lib/redmine.rb#L61>).

(and merry Christmas to you too =)).
