

Redmine - Defect #99

Update of time entry fails when issue has been moved to other project

2007-08-28 16:50 - Matthijs Dekker

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:			
Description			
<p>When an issue has been moved to another project, it is no longer possible to edit the existing time entries linked to this issue.</p> <p>Error message: ÃÂ« Issue ÃÂ» is invalid</p> <p>Cause: The project_id in the time_entries table still points to the previous project. Validation in in the TimeEntry model cancels the update, since the project_id does not match the issue.project_id.</p> <p>Suggested fix: When moving the issue to another project, also move the time entries to the new project.</p> <p>Patch has been attached.</p>			

History

#1 - 2007-11-17 12:54 - Jean-Philippe Lang

Fixed in [r909](#).
