Description

Unlocking an account causes Filter Status drop-down to reset.

Steps:
1. Click Administration Link
2. Click Users Link
3. Change status filter to "All"(assuming you have an account setup that is locked/inactive)
4. You should now see your locked account.
5. Click the unlock link in the results list for your locked user
6. The page refreshes, but status filter is set to "Active", when it should be "All"
