Target version:				
Resolution:	Fixed			

Description

The group by criterias in the time entries report, are not sorted in the drop down list.

It's easier to find a criteria that is sorted, particularly when there are a lot of personalized fields.

History

At first sight you put some inline ruby in a template, which is good for testing something but would not be accepted (I think) by other people than me here :/

#2 - 2012-06-11 10:37 - Jérôme BATAILLE

If it's necessary I could put this in all the controller actions.
