Description

I'm trying to create new version in project using Rest API using C# code:

```csharp
Uri address = new
Uri("http://myredmineserver/projects/test/versions.xml?key=xxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxx");
WebRequest request = WebRequest.Create(address);
request.Method = "POST";
string xml =
"<?xml version="1.0"?>
" +
"<version>
" +
"<project id="45"/>
" +
"<name>1.0.10</name>
" +
"<due_date>2012-01-16</due_date>
" +
"<description>test test</description>
" +
"</version>;";
byte[] byteArray = Encoding.UTF8.GetBytes(xml);
request.ContentType = "application/xml";
request.ContentLength = byteArray.Length;
Stream dataStream = request.GetRequestStream();
dataStream.Write(byteArray, 0, byteArray.Length);
dataStream.Close();
WebResponse response = request.GetResponse();
Console.WriteLine(((HttpWebResponse)response).StatusDescription);
```

I always get error 500: Internal server error.

Associated revisions

Revision 8686 - 2012-01-21 10:39 - Jean-Philippe Lang

Makes Version REST API accept due_date attribute (#10013).

Revision 8770 - 2012-02-04 12:17 - Jean-Philippe Lang

Backported r8686 from trunk (#10013).

History

#1 - 2012-01-17 14:37 - Juraj Tomana
Using the logs I found problem.

Despite of Rest API documentation (http://www.redmine.org/projects/redmine/wiki/Rest_Versions), parameter "due_date" is wrong. Right name of that parameter is "effective_date".

#2 - 2012-01-21 10:40 - Jean-Philippe Lang
- Category set to REST API
- Target version set to 1.3.1
- Resolution set to Fixed

Fixed in r8686. The due_date attribute is now accepted.

#3 - 2012-02-04 12:17 - Jean-Philippe Lang
- Status changed from Resolved to Closed

Merged.
