|---|---|---|---|---|
| **Status:** | Closed | | **Start date:** | |
| **Priority:** | Normal | | **Due date:** | |
| **Assignee:** | | | **% Done:** | 0% |
| **Category:** | | | **Estimated time:** | 0.00 hour |
| **Target version:** | | | | |
| **Resolution:** | Cant reproduce | | **Affected version:** | |

**Description**

When I subscribe to a filter, existing issues issue that change status or get updated do not get modified in the feed. Is it the way its supposed to work or is this a bug in redmine 1.0.1.

**History**

**#1 - 2024-02-01 02:23 - Go MAEDA**

*- Status changed from New to Closed*

*- Resolution set to Cant reproduce*

Updates to issues are reflected in Atom feeds output by Redmine. Probably your feed reader does not update the data once it has been stored.
