Description

There should be broader support for Textile, namely definition lists such as outlined here:
http://redcloth.org/textile/page-layout/#definition-lists

Redmine 1.3.0.stable (MySQL)

History

#1 - 2012-01-27 19:34 - Etienne Massip
- Category changed from Wiki to Text formatting

#2 - 2012-09-30 01:03 - Brian Lacy
+1 The text formatting options are pretty limited, but this would be very useful for Wiki formatting in particular.

#3 - 2012-11-05 16:48 - Thomas Robbs
+1 for Definition List support. I agree with Brian that it would be especially useful in the Wiki.

#4 - 2013-04-02 10:37 - Yurii Monakov
+1

#5 - 2013-04-07 07:42 - Dipan Mehta
+1. This is very essential.
