**Description**

Hi,

We'd like to add some filtering informations (for example : "assigned to" filter) to the PDF Gantt export.

My Boss want to use this to know what each member of the team does, but today this information is not available on the gantt pdf export...

This feature could lead to a massive use of redmine in our firm

Is there a simple way to do this?

Thanks

- MySQL 5.1
- Ruby 1.8.6
- Redmine 1.3.0
- Ubuntu Serveur 11.10
