Redmine - Defect #10193

Unappropriate icons in highlighted code block

2012-02-10 08:17 - Aleksej Lebedev

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:	Jean-Philippe Lang		**% Done:**	0%
Category:	Text formatting		**Estimated time:**	0.00 hour
Target version:	1.3.2			
Resolution:	Fixed		**Affected version:**	1.3.1

Description

A few weeks ago I upgraded to 1.3.0 and all code blocks now displayed incorrectly :(

Example code:

```html
<pre><code class="html">
        <if test="authorcfields:|:$author['custom_fields'] != """>
            <foreach loop="customFieldsOuter:$author['custom_fields'] as $group => $data">
                <foreach loop="customFields:$author['custom_fields'][ $group ] as $field">
                    <if test="$field != ''">
                        <li>
                            {$field}
                        </li>
                    </if>
                </foreach>
            </foreach>
        </if>
</code>
```

Invalid result:

```
        <if test="authorcfields:|:$author['custom_fields'] != """>
            <foreach loop="customFieldsOuter:$author['custom_fields'] as $group => $data">
                <foreach loop="customFields:$author['custom_fields'][ $group ] as $field">
                    <if test="$field != ''">
                        <li>
                            {$field}
                        </li>
                    </if>
                </foreach>
            </foreach>
        </if>
```

How I can remove these unnecessary icons without editing wiki pages? Thanks!
