

Redmine - Defect #10201

MailHandler ignores line feeds when handling html-only emails

2012-02-10 17:37 - Elie Delorme

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Email receiving	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		
<div>Description</div> <p>Since all html tags are strips on html-only emails, they almost never work. I would suggest using Loofah to convert html content to plain text.</p> <p>Patch (works on my installation):</p> <pre>if plain_text_part.nil? # no text/plain part found, assuming html-only email # use loofah to extract text @plain_text_body = Loofah::HTML::Document.parse(@email.body.to_s).to_text else</pre>			
<div>Related issues:</div> <div>Related to Redmine - Feature #16962: Better handle html-only emails</div> <div>Closed</div>			

History

#1 - 2012-02-10 18:13 - Etienne Massip

- Category set to Email receiving
