

## Redmine - Defect #10285

### configuration.yml edit gives me Proxy error

2012-02-20 23:10 - B Plougstrup

<b>Resolution:</b>	Invalid		
<b>Description</b> Every time I try to edit the configuration.yml file to setup the smtp server, I get an Proxy Error. If I go back to the example file; it works again. I just need redmine to use a local smtp server without any user/passwd. Anybody have a solution? Thanks			

#### History

##### #1 - 2012-02-21 08:16 - B Plougstrup

- Status changed from New to Resolved

Fixed it myself - case closed

##### #2 - 2012-02-21 08:33 - Etienne Massip

- Status changed from Resolved to Closed

- Resolution set to Invalid
