Resolution: Duplicate	
Description Unused (disabled) statuses for the certain workflow still available in a context menu Status list when we click right mouse button on the issue within an issues list. Checked this at http://xeagle.m.redmine.org/ If working flow is configured to do not use the certain statuses, they shouldn't be even visible in as disabled in a list, because some roles might have no permission to them and shouldn't see them.	
Related issues: Is duplicate of Redmine - Defect #10181: Issue context menu and bulk edit for... Closed	

History

#1 - 2012-03-02 11:22 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Duplicate

Same as [#10181](#) fixed for 1.4.0.
