Description			
<p>Hi,</p> <p>I'm looking for 2 hours how to enable the field "Estimated time" for the user non-administrator. I would like enable the developpers to enter their estimated time for a task. I'm surprise to be obliged to set the role administrator.</p> <p>Is there a configuration for that ?</p> <p>Thank you in advance for you help</p>

- Status changed from New to Resolved

I found ! In the section Roles in the administration panel, you must add the permission "edit issues".
