Redmine - Defect #10379

It is not possible to create filter 'target version = none' (absent) for all projects

2012-03-06 02:03 - Maxim Nikolaevich

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Issues		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Fixed		**Affected version:**	1.3.1

Description
For this feature i need to create one shared version otherwise selection of 'target version' will be unavailable.
i expect selection of 'none' and 'all' should be available without this workaround

- Status changed from New to Closed

- Resolution set to Fixed

No problem in Redmine 3.3.2.devel.16172.
I can use "Target version - none" and "Target version - any" in cross-project issues list even if there is no version.

Maybe fixed in some version.
