

Redmine - Feature #10507

Add a flag to each Tracker to indicate if update of this type of tracker must trigger an notification event

2012-03-21 12:17 - Thierry Chomaud

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Administration	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description			
The idea is to add in the Configuration view of a tracker (administration part), a check box to let the administrator indicate if the update of this type of tracker must trigger an notification event or not.
