Target version:		Affected version:	1.3.2
Resolution:	Cant reproduce		

Description

I've got an error when creating or updating issues.
I updated from [0.9.3](#) over 1.3.1 to 1.3.2. The original package was provided Ubuntu 10.04 universe repository. 1.3.1 was provided by the PPA <http://ppa.launchpad.net/ondrej/redmine/ubuntu> and 1.3.2 were compiled using the Ubuntu 12.04 precise packages sources.

However after a new login - i also removed the cookie - everything worked fine. So this is maybe an other issue. So it's unreproducible to me however I could reproduce it until the new login.
