<b>Description</b>			
In Google Chrome the textile bar doesn't show while adding a new issue.			
It gives <b>Uncaught TypeError: Cannot call method 'hasChildNodes' of undefined</b> within jstoolbar.js			
<pre>draw: function(mode) {     this.setMode(mode) ;      // Empty toolbar     while (+this.toolbar.hasChildNodes()) {</pre>			
The same page loads perfect in IE9.			

### History
