

Redmine - Patch #10693

German Translation Update (unsubscribe + x)

2012-04-17 20:36 - Hannes Meier

Status: Closed	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Translations	Estimated time: 0.00 hour
Target version: 1.4.1	
Description	
<p>i added the new strings for 1.4.1 and some other (i hope) enhancements</p> <p>but i got 1 questions: version 1.4 offers the "assign to me function". in the dropdown list the first new point is called: <ich> i guess it s because its taken from this label: label_me: ich correct would be "mich" i was not sure about changing this value, because maybe its also used for other texts to translate where "ich" is correct.</p> <p>maybe someone could tell me where label_me is used in redmine and then i could check this. thanks.</p>

- mail_body_account_information_external
- label_overall_activity
- label_send_information

Revision 9433 - 2012-04-18 15:15 - Toshi MARUYAMA

fix typo of German "text_account_destroy_confirmation" (#10693, #10664)

History

#1 - 2012-04-18 02:18 - Toshi MARUYAMA

- Target version set to 1.4.1

#2 - 2012-04-18 02:21 - Toshi MARUYAMA

I set target 1.4.1 to remind merging r9426.

Because 1.4.x is last release before 2.0, I merged r9427 (translation change) to 1.4-stable r9429.

#3 - 2012-04-18 13:22 - Hannes Meier

i am sorry but i found a typo when i checked that merged it:

1051 - text_account_destroy_confirmation: Möchten Sie wirklich fortfahren?\nIhr Benutzerkonto wird für immer gelöscht gelöscht und kann nicht wiederhergestellt werden.

should be without a double "gelöscht" like

1051 - text_account_destroy_confirmation: Möchten Sie wirklich fortfahren?\nIhr Benutzerkonto wird für immer gelöscht und kann nicht wiederhergestellt werden.

#4 - 2012-04-18 15:16 - Toshi MARUYAMA

[...]

Committed in trunk r9433.

#5 - 2012-04-20 10:12 - Jean-Philippe Lang

- Status changed from New to Closed

Merged.

#6 - 2012-04-20 10:23 - Toshi MARUYAMA

I keep target 1.4.1 because r9429 has translation changed.
Please create new issue for description "mich" if you need.

#7 - 2012-04-20 11:17 - Jean-Philippe Lang

i was not sure about changeing this value, because maybe its also used for other texts to translate where "ich" is correct.

maybe someone could tell me where label_me is used in redmine and then i could check this.

label_me is used for the author and assignee filters. Maybe we can split it into 2 strings (one for me as the author and one for me as the assignee). Let me know.
