Redmine - Defect #10714

Broken HTML output on certain textile input

2012-04-19 16:13 - Alex Shulgin

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Text formatting	**Estimated time:**	0.00 hour
Target version:			
Resolution:		**Affected version:**	1.3.3

Description

If there is a stray http:// on the line's end (this happens for example when a MUA reformats some quoted text in a mail ticket update,) Redmine will try to convert that to a link.

Also this results in a broken HTML output: the rest of the text will be surrounded with the link tags pointing to "http://%3Cbr" (one can easily spot the start of a broken <br> tag here.)

I experience this on 1.3-stable, as well as on this site: redmine.org in it's current version.

Example:

test http://
test
123

321
111

History

#1 - 2014-02-22 09:08 - John Gabel

This is really old and doesn't appear to be an issue anymore. Recommend closing this issue.

#2 - 2014-03-14 08:47 - Toshi MARUYAMA

- Status changed from New to Closed
