Go to Administration / Settings / General			
<ul style="list-style-type: none">• Change "Default language" from English to any other language.• Save• Sign out			
The main page continues in English.			
Without a logged user, it shouldn't be displayed in default language?			

History

#1 - 2008-04-19 13:36 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Invalid

For anonymous users, the browser language setting is used.
For example, my browser 'accept-language' setting is set to: fr, fr-fr, en-us, en. So even if Redmine's default language is set to 'en', I will get the french translation when I'm not logged in.
