Redmine - Patch #1074

Patch for #1072

2008-04-18 08:52 - F. D. Castel

Status:	Closed		**Start date:**	2008-04-18
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Translations		**Estimated time:**	0.00 hour
Target version:				

Description
This patch updates lang/pt-br.yml to current version (r1354)
Several typos/glitches fixed.
Also fixes the load for default configuration (is not working with current pt-br)

Related issues:			
Related to Redmine - Defect #1072: Brazilian Portuguese translation outdated		**Closed**	**2008-04-18**

History

#1 - 2008-04-24 23:00 - F. D. Castel

- File pt-br.yml added

- File pt-br-utf8-r1357.patch added

This patch updates lang/pt-br.yml to current version (r1357)

- Now with diacriticals.
- Saved in UTF-8.
- Minimal glitches fixed.

Also fixes the load for default configuration (is not working with current pt-br.yml)

#2 - 2008-04-24 23:06 - F. D. Castel

Uhh... Please IGNORE the two files sent on 18-Apr. The most recent version is from 24-Apr.

(There's a way to REMOVE those files from this issue?)

#3 - 2011-02-08 05:31 - Toshi MARUYAMA

- Category set to Translations

#4 - 2013-02-10 18:20 - Filou Centrinov

This translation is obsolete. Please close issue.
Wrong translations. ex:

```
-mail_subject_register: "Ativação de conta do %{value}."
+mail_subject_register: %s - Ativação de conta

-project_module_boards: Fóruns
+project_module_boards: Foruns
```

The translations are quite disordered compared to the translation from trunk and also incomplete.

#5 - 2013-02-10 23:46 - Toshi MARUYAMA

- Status changed from New to Closed

Thank you for your feedback.
