Redmine - Defect #10758

Sub-/superscript w/o blank

2012-04-24 18:29 - Kai Nehm

Status:	New	**Start date:**	
Priority:	Low	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Text formatting	**Estimated time:**	0.00 hour
Target version:			
Resolution:		**Affected version:**	1.4.1

Description

Subscript and superscript works fine in all redmine text areas, but only if you put a blank between the normal and the subscript text.

You can't write proper units at the moment and have to use e.g. CO_2 , m^2
Although, it is part of the textile standard. It should be written e.g. as CO[~2~] m[^2^] and it's listed in the linked long help text.
