

Redmine - Defect #10787

"Allow users to unsubscribe" option is confusing

Resolution:	Fixed		
Description			
<p>"setting_unsubscribe: Allow users to unsubscribe" sounds like "be able to unwatch" but actually means that user can delete his own account.</p> <p>I suppose it would be better to rename this option to something like: "setting_self_deletion: Allow users to delete their own account"</p>
