Redmine - Feature #10823

Developer work table

2012-05-03 10:33 - Tin No

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Projects		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Invalid			

Description

It would be nice if you could see what the developers of a project did, by numbers.

I'm thinking something like this

```
Developer  | Assigned to | Resolved | Closed | Open | In progress |  waiting
-------------------------------------------------------------------------------
Dev 1      |       10 |    2 |    3 |  1 |      4  |     1
Dev 2      |        5 |    4 |    0 |  0 |      1  |     0
-------------------------------------------------------------------------------
Total      |       15|    6 |    3 |  1 |      5  |     1
```

History

#1 - 2012-05-03 10:34 - Tin No

Fixed table..

```
Developer | Assigned to | Resolved | Closed | Open | In progress | waiting
-------------------------------------------------------------------------------
Dev 1     |          10 |        2 |      3 |    1 |           4 | 1
Dev 2     |           5 |        4 |      0 |    0 |           1 | 0
-------------------------------------------------------------------------------
Total     |          15|        6 |      3 |    1 |           5 | 1
```

Try look at <your_project>/issues/report
But there are only "open" and "closed" columns.

#3 - 2012-05-09 19:26 - Mischa The Evil

- Status changed from New to Closed

- Resolution set to Invalid

Daniil Fedotov wrote:

As Daniil already pointed out such a report already exists. Though: unlike what Daniil says, it is also possible to get the report for all the statuses by clicking-through using the zoom_in.png-link behind the assignee header (full-URL to the report is <your_project>/issues/report/assigned_to).
