

Redmine - Defect #10830

Cannot add git repository to redmine

2012-05-04 00:18 - Spencer Deinum

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	SCM	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		
Description			
Everytime I try to add a local git repository to a project I'm getting the following error.			
ruby version: 1.8.7 rails version: 3.2.3 using sqlite3			
Started POST "/projects/healthie-laravel/repositories" for 10.139.4.189 at Thu May 03 18:16:16 -0400 2012 Processing by RepositoriesController#create as HTML Parameters: {"repository_scm"=>"Git", "repository"=>{"path_encoding"=>""}, "extra_report_last_commit"=>"0", "url"=>"/home/spencer/Healthie-laravel.git", "identifier"=>""}, "is_default"=>"1"}, "utf8"=>"", "authenticity_token"=>"5Y9pHmapY/Q3LvCp28YRqcJvCvDJq0TM5CII8SkqaqM=", "project_id"=>"healthie-laravel", "commit"=>"Create"} Completed 500 Internal Server Error in 10ms			
NoMethodError (undefined method `project=' for nil:NilClass): app/controllers/repositories_controller.rb:50:in `create'			

Associated revisions

Revision 9775 - 2012-06-07 01:08 - Toshi MARUYAMA

1.4-stable: scm: git: backport creating and updating test from trunk r9616 (#10830)

History

#1 - 2012-05-04 01:50 - Toshi MARUYAMA

- Affected version (unused) changed from 1.4.1 to devel
- Affected version deleted (1.4.1)

#2 - 2012-05-04 01:50 - Toshi MARUYAMA

- Status changed from New to Closed
- Resolution set to Fixed

Fixed by [r9616](#).

#3 - 2012-06-06 22:28 - luigifab !

Have you a release date?
Problem is still present in Redmine 1.4.3.

#4 - 2012-06-06 22:42 - Etienne Massip

- Assignee set to Toshi MARUYAMA

It has been fixed on trunk before the creation of the 2.0 branch so it has been fixed with release of [2.0.0](#).

Toshi, did you plan to merge it into 1.4?

#5 - 2012-06-06 22:42 - Etienne Massip

- Category set to SCM

#6 - 2012-06-06 23:53 - Toshi MARUYAMA

- Assignee deleted (Toshi MARUYAMA)

This bug is due to Rails3 porting.
There is no bug on 1.4-stable.

#7 - 2012-06-07 09:52 - Jérémie Gnujeremie

There is no bug on 1.4-stable.

I don't understand. Using several redmine instances, all running with 1.4.2 or 1.4.3, I can tell you the bug is still there.

#8 - 2012-06-07 10:19 - Toshi MARUYAMA

I committed in [r9775](#) to 1.4-stable (Rails2) and all test passes.
<http://www.redmine.org/builds/index.html>

Description log is about Redmine 2.0 (Rails3).

If you have a problem on clean Redmine 1.4, which means no plugins,
Please create a new issue with [SubmittingBugs](#).
