

## Redmine - Defect #10855

### Cannot create new issue status - v1.4

2012-05-08 23:31 - Mariano crivello

<b>Status:</b> Closed	<b>Start date:</b>
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b>	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	<b>Affected version:</b>
<b>Resolution:</b> Invalid	
<b>Description</b> Since the update,  A newly added issue status does not show up in the available options. I have created a new issue status named "billing" and this is not available in the drop down.  It also does not appear in the workflows.  I have tested changing the issue status to Default... and when I do that.. it shows ONLY the new issue status and not the others.  Please advise,  Mariano Crivello
