

Redmine - Defect #10862

Always shows description changes when adding notes

2012-05-09 14:15 - Stephan -

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:		Affected version:	1.4.1
Resolution:	Invalid		
<b>Description</b> When updating an issue it always shows description changed.  For example, I have created a new issue in the test environment with description YYY. Thereafter updating the issue without changing anything and press submit it shows me:  <b>Description</b> updated (diff)  The the diff will only be: <u>3 2</u>			

History

- #1 - 2012-05-10 16:06 - William Roush**  
Getting this issue on Redmine 1.4.0.stable.8636 too, it seems almost randomly when updating Redmine will think I've changed the body of the ticket, when I haven't.  
  
However for me, the diffs are completely unchanged.
- #2 - 2012-05-10 19:07 - Jean-Philippe Lang**  
- Resolution set to Cant reproduce
- #3 - 2012-05-11 08:58 - Stephan -**  
- File issue\_example.png added
- #4 - 2012-05-11 09:05 - Stephan -**  
- Status changed from New to Resolved
- Ok, removing plugin: "Redmine\_issue\_history" did solved this issue.
- #5 - 2012-05-11 09:56 - Toshi MARUYAMA**  
- Status changed from Resolved to Closed  
- Resolution changed from Cant reproduce to Invalid
- #6 - 2012-05-11 11:37 - Mischa The Evil**
