

Redmine - Defect #10865

Filter reset when deleting locked user

2012-05-09 15:57 - Mirko Geissler

Status:	Closed	Start date:	
Priority:	Low	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Administration	Estimated time:	0.00 hour
Target version:	1.4.2	Affected version:	1.4.1
Resolution:	Fixed		
Description			
In Administration/Users when I switch filter to "locked" and delete one of them the filter is always reset to "active" afterwards. This an inconsistent and slightly annoying behavior if you have to delete several locked users.
