<b>Description</b> when the project name is too long, the name warp to others lines and go behind the menu. <a href="http://demo.redmine.org/projects/mg-test1">http://demo.redmine.org/projects/mg-test1</a>  Also, the jump to a project drop down is taking too long in the screen. maybe this drop down should be of a fixed size.  I have the issue with redmine 1.1.1 and it's also present on the demo version which is version 2.x  thanks
