

Redmine - Defect #10881

500 error when accessing repositories tab - configured svn repository

2012-05-10 20:26 - vi palla

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Project settings	Estimated time:	0.00 hour
Target version:		Affected version:	1.4.1
Resolution:	Cant reproduce		
Description			
For a Project configured SVN repository. When accessing repositories tab gives the following error.			
ActionView::TemplateError (undefined method `repository' for #<ActiveRecord::Associations::BelongsToAssociation:0x0000002353b790>) on line #3 of app/views/issues/_changesets.html.erb: 1: <% changesets.each do changeset > 2: <div class="changeset <= cycle('odd', 'even') >"> 3: <p><= link_to_revision(changeset, changeset.repository, 4: :text => "#{[:label_revision]} #{changeset.format_identifier}") > 5: <= authoring(changeset.committed_on, changeset.author) %></p> 6: <div class="wiki">

Any plugins? See [submissions...](#)

#3 - 2012-05-10 21:14 - vi palla

Redmine version 1.4.1. ruby 1.9.3, gem 1.8.21, rails 3.2.2
In the trunk we pulled out version 9323 on 4/5 have redmine/vendor/plugins directory.. and we have added new plugin to it to add links to subversion repository.
Workflow and settings works fine except the repository tab.

Redmine 1.4.x doesn't support Rails 3.x AFAIK.

In the trunk we pulled out version 9323 on 4/5 have redmine/vendor/plugins directory..

Not sure what you exactly mean with this sentence. Why did you revert changeset [r9323](#) (although it doesn't seem to be related)? And what do you mean with "on 4/5 have redmine/vendor/plugins directory"?

and we have added new plugin to it to add links to subversion repository.

This can be the culprit of your issue too...

#5 - 2012-05-12 10:15 - Jean-Philippe Lang

- *Resolution set to Cant reproduce*

#6 - 2012-05-14 21:29 - vi palla

Redmine 1.4.x doesn't support Rails 3.x AFAIK.

Is it not supported for subversion?

#7 - 2013-04-13 12:18 - Jean-Baptiste Barth

- *Status changed from New to Closed*

- *Priority changed from Urgent to Normal*

Good catch, that might be related to the issue above. Please reproduce with a fresh 2.2.x or 2.3.x version and without any plugin and reopen if the problem still occurs. Thanks.
