Target version:	0.7.2	Affected version:	
Resolution:	Fixed		
Description OS: windows Lang: Chinese When I uploaded a file with Chinese name, the file saved in Redmine/files directory has a unreadable name, and with some special word, it will failed. I have a patch to avoid the failing,but the file name in Redmine/files will unreadable. Index: D:/RedMine/app/models/attachment.rb =====
