# Redmine - Feature #10914

## Include is_private setting in xml/json output

2012-05-14 15:23 - Cory Riddell

| **Resolution:** | Fixed | | | |

**Description**

When getting issues with the REST api, the is_private flag isn't included.

I've solved the problem on my local copy by modifying two files:

- views/issues/show.api.rsb
  - add

    ```
    api.is_private @issue.is_private
    ```

- views/issues/index.api.rsb
  - add

    ```
    api.is_private issue.is_private
    ```

Also, can be seen as related to #8577.

**#2 - 2013-02-12 18:22 - Cory Riddell**

#8577 fixes the issue for the issue list, but does not address the problem with including the is_private flag in the json / xml output.

If we have this really simple solution, why it is not included in current realase?

**#8 - 2014-07-11 13:30 - Wojciech Brzeziński**

I would also suggest change this issue track to 'Bug', 'Defect' or something similar, because we can modify this field with PUT request. All Issues obtained with REST api seems to be not private now.

**#9 - 2014-07-11 19:46 - Jean-Philippe Lang**

*- Target version set to 2.6.0*

**#10 - 2014-08-20 21:05 - Shivam Daryanani**

*- File Adds-issue-is_private-to-api.diff added*

Uploaded a patch to provide this feature.

**#11 - 2014-09-13 13:23 - Jean-Philippe Lang**

*- Status changed from New to Closed*

*- Assignee set to Jean-Philippe Lang*

*- Resolution set to Fixed*

Feature added in [r13395](#), thanks.
