

## Redmine - Defect #10917

### The task hierarchy is not consistently shown

2012-05-14 18:23 - Eric Feliksik

<b>Status:</b>	New	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Issues list	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected version:</b>	
<b>Resolution:</b>			
<b>Description</b>			
<p>In my redmine project (on hostedredmine.com), my hierarchy is not correctly displayed in the 'issues' view.</p> <p>I reproduced this on demo.redmine.org. See <a href="http://demo.redmine.org/projects/invalid-date-bug/issues">http://demo.redmine.org/projects/invalid-date-bug/issues</a> . There is a task with 4 subtasks.</p> <p>If you add a task (not a child task), the 'issues' view will no longer show a hierarchy. If you delete the task, the hierarchy will re-appear. It seems like the hierarchy implementation is a bit smelly, which is possibly related to the fact that I was also suffering from the supposedly fixed issue <a href="#">#6378</a> , but cannot easily reproduce it on demo.redmine.org.</p> <p>Please <b>DO NOT</b> do anything more than adding/deleting your own, single task (unless you're a developer that knows what he's doing) -- otherwise you may destroy this bug reproduction.</p>
