

## Redmine - Defect #11

### Minor rendering problem within Safari at admin/mail\_options...

2007-03-06 16:49 - Chris Grant

<b>Status:</b> Closed	<b>Start date:</b>
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b>	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	<b>Affected version:</b>
<b>Resolution:</b>	
<b>Description</b>	
In views/admin/mail_options.rhtml :	
Added a self-clearing DIV so that fieldset border actually <b>contains</b> the checkboxes:	
Original:	
<pre>&gt; &lt;fieldset style="margin-top: 6px;"&gt;&lt;legend&gt;&lt;strong&gt;&lt;= l(Permission::GROUPS[group_id]) &gt;&lt;/strong&gt;&lt;/legend&gt; actions[group_id].each do  p  &gt;   &lt;div style="width:170px;float:left;"&gt;&lt;= check_box_tag "action_ids[]", p.id, p.mail_enabled? &gt;   &lt;= l(p.description.to_sym) &gt;   &lt;/div&gt; end &gt; &lt;/fieldset&gt; end %&gt;</pre>	
Changed:	
<pre>&gt; &lt;fieldset style="margin-top: 6px;"&gt;&lt;legend&gt;&lt;strong&gt;&lt;= l(Permission::GROUPS[group_id]) &gt;&lt;/strong&gt;&lt;/legend&gt; actions[group_id].each do  p  &gt;   &lt;div style="width:170px;float:left;"&gt;&lt;= check_box_tag "action_ids[]", p.id, p.mail_enabled? &gt;   &lt;= l(p.description.to_sym) &gt;   &lt;/div&gt; end &gt; &lt;div style="clear: both;"&gt;&lt;/div&gt; &lt;/fieldset&gt; end %&gt;</pre>	
It's the simple <div style="clear: both;"></div> that's been added.	
It's a small thing. ;) Thanks for this cool, cool project!	

## History

#1 - 2007-03-06 17:48 - Jean-Philippe Lang

thanks, i've committed the fix in the repository.

**#2 - 2007-03-06 17:47 - Chris Grant**

I've made the appropriate change in views/roles/\_form.rhtml and uploaded the fixed file. Sorry for not knowing how to submit a formal patch -- will have to look into how to do that. Thanks again for this project, it's great!

**#3 - 2007-03-06 17:32 - Chris Grant**

This problem is present within the role permissions screen, as well. I looked around to find if there were similar problems and I guess I missed this screen. You can add the self-clearing DIV to that layout, as well.

**#4 - 2007-03-06 17:28 - Jean-Philippe Lang**

Thanks for your submission.  
Do you have the same problem on the role permissions screen ?  
because it's the same kind of layout.

Regards,  
Jean-Philippe
