Description
Custom Fields should have a Flag "Show in compressed Issueheader"

History

#1 - 2008-04-25 13:57 - Paolo Sulprizio

It should be interesting to have the issue header view in some way "foldable", expandable and don't show in the compressed view "non important fields". Custom fields should have a "non important field" flag.
Issue header div should need a link/button "show non important fields".

Sorry for my bad English!
