Target version:			
Resolution:	Invalid	**Affected version:**	

Description

I was trying to make Android mobile client for my project, and to report issue I was searching for api.

I found this: http://www.redmine.org/projects/redmine/wiki/Rest_api_with_java

But the link given on this page does not work.

History

- Status changed from New to Closed

- Resolution set to Invalid

Sorry, it looks like it's no longer available.

#2 - 2012-05-31 19:54 - Etienne Massip

Alexey recently moved the project to GitHub.

The link has been updated accordingly.
