Redmine - Feature #11100

Version editing with Ajax.Request

2012-06-06 09:59 - Arjen Schol

Status:	New		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Project settings		**Estimated time:**	0.00 hour
Target version:				
Resolution:				

Description

Choosing "Edit" in the "Versions" list of a project shoud open the same window as "New version" button on the "New issue" page.

After edit, the Versions list should be updated with the new data (or a page reload).
