

Redmine - Feature #11102

Add autocomplete to "Related issue" field on revision

2012-06-06 13:26 - Arjen Schol

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	2.1.0		
Resolution:	Fixed		
<b>Description</b> When adding an related issue to an issue, one can search by title, id etc. and a dropdown with possible issues is given. However, when adding an related issue to a revision (/repository/revisions/123), only issue ids are supported and no dropdown is given.  Using the same interface and options on both places would be nice.			

Associated revisions

Revision 10181 - 2012-08-09 18:46 - Jean-Philippe Lang

Adds autocomplete to "Related issue" field on revision (#11102).
