Resolution:	Cant reproduce		**Affected version:**	1.4.1

Description

I tried signing out from Redmine but I was unable to. When I try to sign out from Redmine, it takes me to the Home page.

When looked in production.log I am have the following error:

```
Processing AccountController#logout (for xx.x.xxx.xxx at 2012-06-11 10:48:41) [GET]
  Parameters: {"controller"=>"account", "action"=>"logout"}
Redirected to http://xxxxxx:8888/
Completed in 0ms (DB: 0) | 302 Found [http://xxxxxx/logout]
```

I am using Redmine 1.4.1,Mongrel,MySQL

My Gem List is below:

```
*** LOCAL GEMS ***

actionmailer (2.3.14)
actionpack (2.3.14)

History

Everything seems to be working except signing out

#2 - 2012-06-11 20:02 - Jean-Philippe Lang

Please have a look at #10416.

#3 - 2012-06-11 20:09 - Anonymous

I don't see the "def logout_user" in account_controller.rb

This is the only thing I found under the logout function

```
# Log out current user and redirect to welcome page
def logout
  logout_user
  redirect_to home_url
end
```

#4 - 2012-06-12 18:55 - Anonymous

We are using 1.4.3

#5 - 2012-06-12 20:32 - Anonymous

In Redmine_1.4.3, we have to change application_controller.rb but not account_controller.rb(per #10416)

#6 - 2012-06-12 21:18 - Anonymous

Though I was able to sign out I am getting the following in the production.log

```

Why am I getting "302 Found: and after that "200 OK" messages in the log?
